

## THE WONDER OF GOD'S GOODNESS

One of my great joys in traveling is getting to see what God is doing around the world.

Every place I go, I see God moving and hear stories of how He is changing people, churches, cities, and nations. We have training centers (centres for our British and African friends) and Streams teachers in multiple nations around the world:

New Zealand	Israel
Hong Kong	Sweden
India	Germany
South Africa	Spain
Scotland	Canada
England	United States

Streams ministers in many more countries than those listed here; these are just the countries where we have training centers and teachers.

God is releasing prophetic reformation around the world, and we are thrilled to be a part of it! We're seeing people realize that character is more important than gifting; that being prophetic is a function, not a title; that growth is a process as God takes us from where we are today to where He wants us to be.

In the midst of this hunger for mature prophetic expression, we're hearing amazing stories of God's power.

### God Is Moving in China

During my recent trip to Hong Kong, I met one of our newer Streams trainees from China. (For her safety I won't mention her name.) She excitedly told me about what God is doing with the small group of believers she's a part of.

After having a revelation that God is the Healer, one person in her group started praying for people everywhere—on the streets, in the workplace, in meetings, in homes—and has seen a number of people healed. When a miracle takes place, the believer tells the person about Jesus, and in this way many have come to know the Lord.

On one occasion, someone who didn't know Jesus came to a group meeting because of a dream that was tormenting them. Our trainee interpreted the dream, and it was so accurate and impactful that the person gave their life to Jesus on the spot.

When our trainee told me all these things, the group was only one month old. Only one month! It began when two people decided to get together to pray and believe

"God takes us from where we are today to where He wants us to be."

God. Now the group is thirty to forty new believers who meet for prayer, fellowship, and ministry. Their meetings look much like 1 Corinthians 14:26; each person has something from God, and He meets with them and pours out His power as they minister, encourage, teach, and prophesy.

Recently our trainee translated for a Christian speaker, and the government detained her because it is illegal to preach to Chinese nationals if you're not part of a government-recognized church. She rejoiced that she'd been persecuted for her faith. As I listened to her stories and watched

the utter delight on her face, I found myself amazed at God all over again.

Our trainee believes this move of God is happening because of what she's received from Streams. She shares what she is learning with those in her group, and the church of China is being strengthened.

### A Sign of What's Coming

I am astounded when I hear stories of how God is using Streams. I can't count the number of times someone has come up to me to talk about a prophetic word from John Paul Jackson that changed their life. It's the reason they are in ministry, or it's been an anchor for them in difficult times. Sometimes the word wasn't even given to them—it was given to their parents about them. The child is now walking out the word John Paul received from God before they were born.

While I was in Hong Kong, multiple times people updated me about prophetic words I'd given in the past. In one instance, I had

*"...God is moving and great things are happening."*

seen title deeds in a woman's hands. The word made no sense to this woman—she didn't have property and wasn't planning on doing anything with property. So she assumed the word wasn't accurate.

But about six months later, she was offered a job in real estate. She has since become very successful brokering real estate deals in Hong Kong.

The movement and workings of God are beautiful to me, and I'm sharing these stories with you for a couple of reasons:

#### 1. It's Time to Increase Your Faith

I want to provoke your faith—because God is moving and great things are happening. People are being healed, encountering the Lord, hearing from Him accurately, and meeting Him for the very first time!

Begin to expect more. It is time to increase your faith. We are in an amazing season, and we will see more and more breakouts of the Holy Spirit across the world.

#### 2. Your Prayers Are Bearing Fruit

I also share these stories so you will know the fruit of your giving and prayers. You support this ministry financially, and many of you are praying for us; so whatever Streams accomplishes, you also accomplish. You are a part of the work, which means you're also recipients of the reward. When you share your resources with a ministry, you are working alongside them, and you get to receive a share of that ministry's heavenly payment. Be amazed as I've been amazed—we're seeing so much fruit from our efforts!

### Thank You for Your Continued Support

I want to encourage you to keep reading Tribe News. We're going to start a new section about Streams Creative House in the next couple of months, and I believe it will be very encouraging! If you want to jump onboard right now, we've started a Facebook group where people can

share their creative endeavors and encourage each other. You can find the group by searching for "Streams Creative House" on Facebook. Ask to join the group and we will add you quickly. You may also reach the group by scanning the QR code at the bottom of this page.

Thank you for your support! We are better and stronger because you are part of our Tribe. May the Lord's presence increase in your life, may you hear Him more clearly, and may His grace cover your every decision.
